

DRINKING VINEGAR CURCUMA GINGER DRINK

About Drinking vinegar curcuma ginger drink

Description

Drinking Vinegars are organic fermented drinks that stimulate all your senses. They are unpasteurized and unfiltered, so raw and without added sugars (only naturally present sugars). The slightly acid touch is obtained by fermenting the organic apple juice into cider, followed by a natural fermentation of acetic acid bacteria. This natural process provides a complex and delicious taste and it's also good for the body! The addition of ginger and turmeric provides a true sensational flavor in the mouth. The Drinking Vinegars can be used in many ways. Enjoy a refreshing drink by mixing with (sparkling) water. Mix one unit of Drinking Vinegar with 8 units of water. Adapt the proportion as you wish. Add the Drinking Vinegars in a mocktail for a nice twist or add to your daily preparations. Vary with our other references: Apple or Pomegranate.

Use

The Drinking Vinegar can be used in many ways. In the morning, with hot or cold, mineral or sparkling water, in herbal teas. Add to your favorite daily preparation: in vinaigrettes or sauces to accompany a salad, vegetables or tofu. Surprise your friends and family by making delicious mocktails with this special flavor.
